

VIPP

Venous Insufficiency Personal & Practical course

ITALIAN MODULES

September 24-25, 2021

VISION

1. to provide an **IN PERSON** and **PRACTICAL** educational intense **evidence-based experience** and **professional exchange** to health professionals involved in venous & lymphatic management.
2. to promote **national** and **international synergy** among vein & lymphatic specialists.

- VIPPP -

MISSION

Hybrid in person and online educational activity in line with the quality standards of the **INTERNATIONAL VASCULAR EDUCATION & RESEARCH CONSORTIUM**.

Max **6 attendees** per masterclass.

Educational **format** including:

- in person medical activity
- frontal exchange & round tables
 - recorded video lessons
 - scientific literature revision
 - step by step technical notes
 - scientific writing support
- Interaction with medical Key Opinion Leaders & Industry leaders

COURSE DIRECTOR

YUNG WEI CHI

- University of California Davis
- H index: 15
- Author of 45 vein-lymphatic publications
- Speaker at 206 International congresses
- UIP educational committee member

Italian module chair

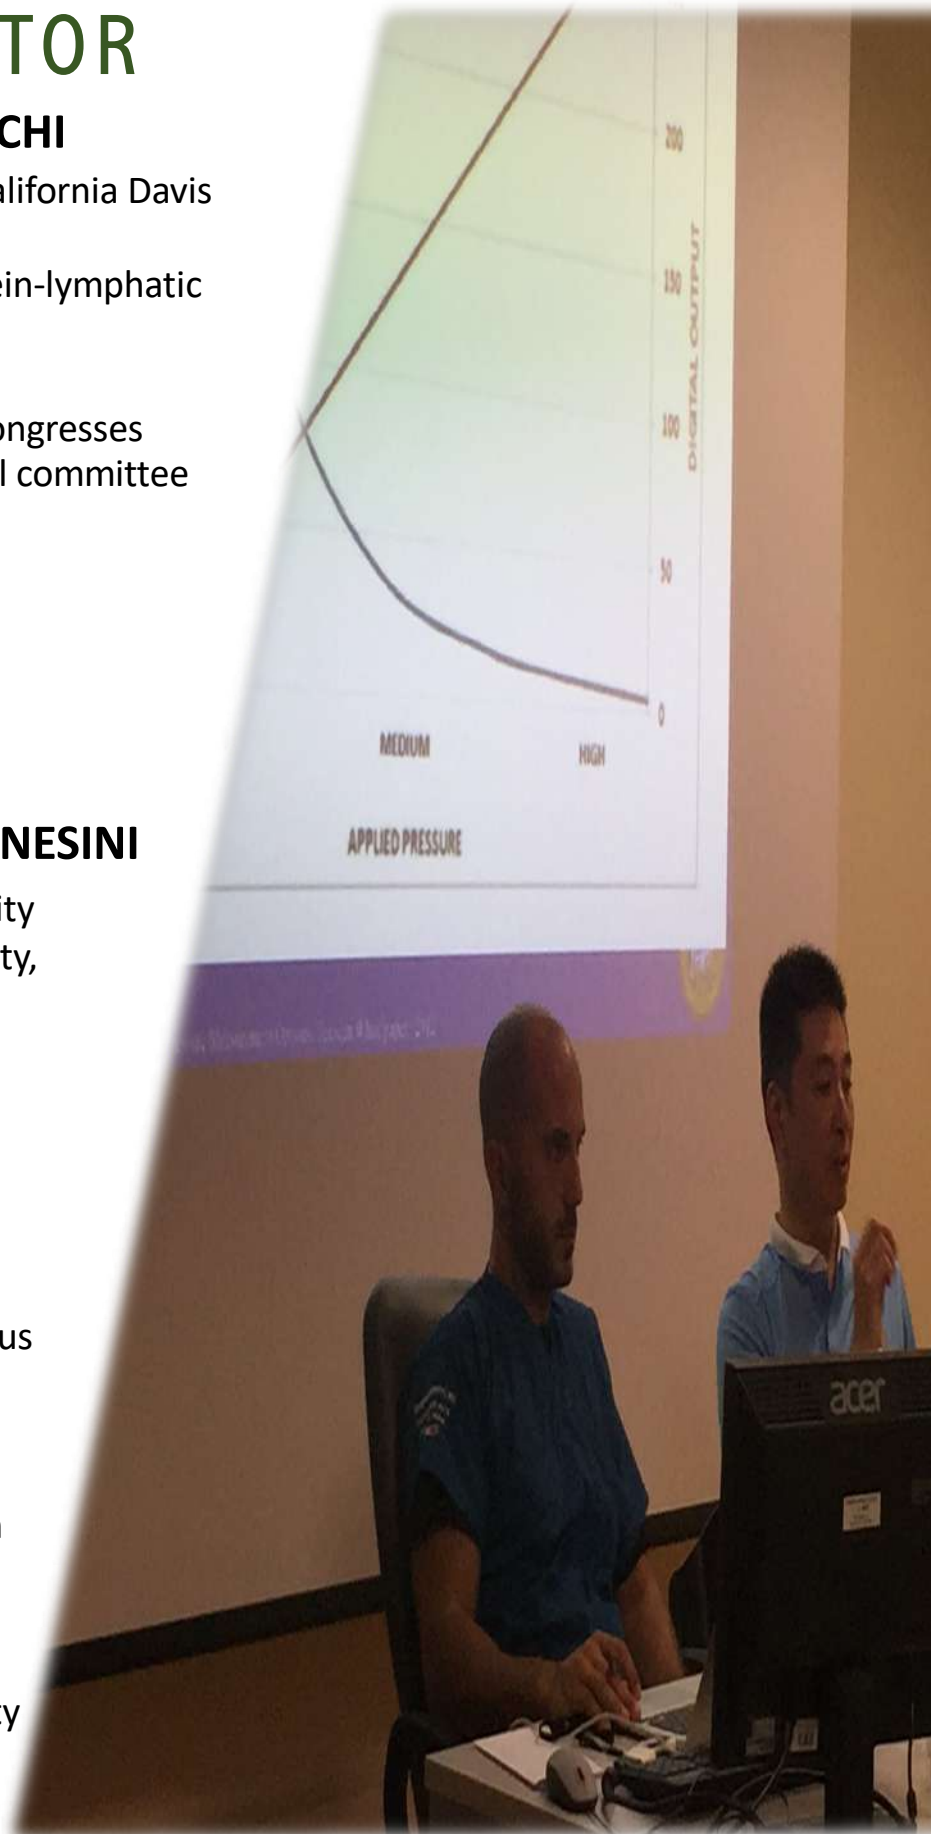

SERGIO GIANESINI

- Ferrara University
- USUHS University, Bethesda, USA
- H index: 14
- Author of 72 vein-lymphatic publications
- Speaker at 307

international congresses

- UIP consensus document on venous hemodynamics author
- v-WIN Global Guidelines 2019 document author
- 2020 UIP Consensus document on sclerotherapy author
- UIP vice-president
- v-WIN foundation president
- American Vein & Lymphatic Society Board of Directors member..

10 HIGHLIGHTS

1. **Individual exchange** with top experts
2. Interaction with **international Key Opinion Leaders** and with **Industry Leaders**
3. Focus on evidence-based **scientific literature**
4. Focus on **practical aspects** & technical notes
5. Post course **availability for consult**
6. Focus on **advanced diagnostics & therapy**
7. Focus on **saphenous sparing**
8. **Active involvement** in the office & operating room
9. **Attendance Certificate** with **CME**
10. **Easy venue** nearby Venice & Padova.

10 main EDUCATIONAL AREAS

1. vein-lymphatic **CLINICAL ASSESSMENT**

2. venous-lymphatic **ULTRASOUND**

3. **PLETHYSMOGRAPHY & BIOIMPEDANCE**

4. varicose veins **SURGERY**
(high ligation, phlebectomy)

5. **THERMAL TUMESCENT**
(Laser, Radiofrequency,
Steam, Microwave)

6. **non-THERMAL non-TUMESCENT**
(Flebogrif, Clarivein, Glue)

7. **SAPHENOUS SPARING**

8. **SCLEROTHERAPY**

9. **COMPRESSION e**
VENOUS ACTIVE DRUGS

10. **WOUND HEALING**

SEPT 24-25, 2021

SCIENTIFIC PROGRAM

SCIENTIFIC PRELIMINARY PROGRAM

*** Attendees are invited to deliver a 5 minutes free talk on a topic they desire to share with the other attendees. A 5 minutes open discussion will follow**

Sept 24

13.00 – 13.10 Course presentation & **hot topics** in phlebo-lymphology (Crippa A, Giancesini S, Tessari L)

13.10 – 13.20 Attendees **introduction**

13.20 – 13.30 Attendees **clinical perspectives**

13.30 – 15.00 Group **V: Operating room** (Giancesini S)

Group **I: Aesthetic Phlebology** (Crippa A)

Group **P: Miscellaneous** (Tessari L)

15.00 – 18.00 Groups **V, I** and **P rotation**

The attendees are divided in 3 groups of 2 specialists each, rotating on 3 different activities

18.00 – 18.30 **coffee break at the working stations**

18.30 – 18.45 **Honorary lecture:** post-COVID thrombotic risk management in CVD patients
(Caprini J, USA-teleconference)

18.45 – 19.00 Questions & Discussion (starter: Chi YW, USA, teleconference)

19.00 – 19.30 **Round table on the clinical cases of the day** & take home messages

Sept 25

09.00 – 09.10 **Honorary lecture:** Latest innovations & directions in phlebo-lymphology
(Jindal R-INDIA, teleconference)

09.10 – 09.20 **Open Discussion**

09.20 – 09.40 Attendees 1 & 2* contributions & Open discussion

09.45 – 10.00 **Devices instructions for users & evidence-based state of the art**
(Narayanan S, SINGAPORE, teleconference)

10.00 – 10.10 **Open Discussion**

10.10 – 10.30 Attendees 3 & 4* contributions & Open discussion

10.30 – 10.45 **MPFF evidence based data in phlebo-lymphology** (Giancesini S)

10.45 – 10.55 **Open Discussion**

10.55 – 11.15 Attendees contributions 5 & 6* & Open discussion

11.20 – 11.30 Final remarks
